SR3 mini frontplate

Space has always been a premium within amusement machines, such as Kiddies Rides, Capsule Vending, Cranes, Kiosks and especially in the bank arrangement of bingo machines – where vital inches can make all the difference to making significant savings on the build cost.

Money Controls now offers the **SR3 Mini Frontplate** – the space-saving solution you need.

The **SR3 Mini Frontplate** is made from ruggedised engineering plastics and is the ideal accessory for our versatile, high-performance Mini Front plate SR3 3.5" coin acceptor (see SR Series data sheet, CA001). When supplied in combination they represent the best and most cost-effective offer available anywhere today.

With a choice of both button and plate colours, the aesthetically pleasing appearance of the **SR3 Mini Frontplate** allows it to be simply integrated with any cabinet design, even enhancing the overall effect. Mounting and fixing is industry standard, making it suitable for multiple applications, including retrofit.

SR3 🗆

The SR3 Mini Frontplate allows cabinet designers to make efficient use of space and achieve significant reductions on build costs.

Key Benefits

Efficient use of space

Reduces build costs

Aesthetic appearance integrates with cabinet designs.

Key Features

- Front entry with direct reject
 Clip-fit to Mini Frontplate SR3 coin acceptor
- Industry standard mounting and fixing
- Choice of button colour
- Choice of plate colour.
